CLUB MOTHER IS DEAD CAREER COVERS NINETY FIVE YEARS ABOLITION BEGAN WORK

Ardent Suffragist, She
Lives to Cast
Vote

LOS ANGELES, Nov. 10.—Mrs. Caroline M. Severance, known as the "mother of women's clubs," died at her home early today. She would have been 95 years old in January.

Mrs. Severance was born in "Sandwich," N. Y., in 1820, and in 1865 founded in Boston the New England Women's Club, the first organization of the kind in the country. Coming to Southern California in 1870, she founded the Friday Morning Club here.

Throughout her life Mrs. Severance was an ardent suffragist and cast her first vote here when suffrage was given to women four years ago. Her sons, Seymour Severance of San Francisco and Mark Sibley Severance of San Bernardino, were at her bedside when she died.

From her first sight, made to free the slaves of the South, Mrs. Severance came in contact with the greatest men and women of America.

University Heads to Convene in Oakland

WASHINGTON, Nov. 10.—The next meeting place of the state university presidents will be held in Oakland, beginning August 20 of next year, was the decision arrived at today by the delegates to the convention in this city.

The choosing of Oakland as the next convention city was due to the fact that California will be in much prominence as a result of the Exposition, and that the new president of the delegation, George W. Wilson, of being president of the University of California.

Following the election of Benjamin Ide Wheeler to the chair, the entire party adjourned to the White House, where they were received and entertained by President Woodrow Wilson. The convention consisted of about fifty members, gathered from all parts of the United States.

Schools May Add to Belgian Relief Fund

Headquarters and a depot for supplies for the Belgian relief committee were opened today in the building recently occupied as a city hall annex on Broadway between Seventeenth and Eighteenth streets. A sub-committee from the main relief committee will appear before the meeting of the Oakland board of education to ask that a day be set aside for the contributions from the public schools. The total subscription received up to date is \$2500.

Carranza Agrees to Recognize Convention

WASHINGTON, Nov. 10.—Dispatches from Cordoba to the Constitutional agency here today says that Carranza at a conference with Generals Obregon, Villarreal, and Benavides, agreed to recognize the actions of the Aguas Calientes convention with some reservations.

President Wilson today expressed doubt of reports that American marines had landed at Acapulco, Mexico. He declined to comment on recent developments in the Mexican situation.

\$100,000 Estate of Berkeleyan Is Filed

Petition for probate of the \$100,000 estate of the late Charles C. Hall of Berkeley was filed in the superior court today by his son, Frederic F. Hall. The estate is bequeathed to the family and relatives of the deceased. It consists of stocks, bonds and realty. Hall was a brother-in-law of the late Dr. Martin Kellogg, one time president of the University of California.

Locate New Wireless in Lower California

WASHINGTON, Nov. 10.—Secret service men and navy radio experts seeking hidden wireless stations, supposed to be violating American neutrality, have located a hitherto unknown station at Ensenada, Lower California, not far across the United States boundary.

Will Stop Supplies Unless Belgians Work

LONDON, Nov. 10, 4:45 p. m.—A proclamation issued by the Germans at Brussels threatens, according to a dispatch to Reuters' Telegram Company from Amsterdam, to stop the distribution of food by the American relief committee among the unemployed unless the Belgians go to work.

Heavy Cannonading Is Heard Off Chilean Port

LIMA, Peru, Nov. 10.—Heavy cannonading was heard at sea yesterday off the Chilean seaport of Coronel, according to reports received here from Chile.

MRS. C. M. SEVERANCE.

N. W. PACIFIC MAY SERVE OAKLAND

Plans that will probably mean the establishment of an Oakland terminal of the Northwestern Pacific, the new railroad which has opened up the northwest part of California as far as Eureka, will be formulated within the next few days and conferences will be held between the Richmond Belt Line railroad, of which W. T. Lewis is president, the Richmond industrial commission, officers of the Northwestern Pacific and representatives of the E. F. McNear interests, which control the great quarries and brick works at McNear's point.

Oakland capitalists will also attend the meeting. The plan is to connect the Northwestern Pacific with the Richmond Belt Line railway through a system of barges which will connect at McNear's point and Point San Pablo.

This will be done by building a spur track from the Tiburon branch of the Northwestern Pacific through the McNear property to the point. Freight by this means can be transferred directly from the Northwestern Pacific to the Richmond Belt Line railway, which at the Richmond yards connects with both the Southern Pacific and Santa Fe bound for Oakland.

Under the present system all freight must be hauled from Tiburon to San Francisco and from San Francisco to the Southern Pacific long wharf before it can be shipped East. The new system will mean cutting sixty miles off this route and sending produce directly to Oakland.

Humboldt county, which the line serves, produces \$7,000,000 in lumber and \$3,000,000 worth of dairy products yearly.

The plan was broached some time ago by the McNear interests and representatives called upon the different railroads with the result that the conferences have been arranged. Several prominent Oakland capitalists who will aid in the venture will be present at the meetings.

Six Miners Entombed; Rescuers Are Near

DULUTH, Minn., Nov. 10.—Six miners were entombed in the Sibley underground mine at Elk, Minn., yesterday, according to reports received here last night. Rescuers were within twenty-five feet of the men last night and hoped to rescue them alive. The accident was due to a cave-in.

PAY CHECK LEADS TO MURDER

Contractor Is Killed by
a Disgruntled
Employee

Trouble Over \$17 Causes
Second Tragedy
in Firm

SAN FRANCISCO, Nov. 10.—George Gray, senior member of the firm of Gray Brothers, quarrymen, was shot and killed at Twenty-ninth and Castro streets at 11 o'clock this morning by Joseph Lococo, a disgruntled employee, who had followed him from his office.

A dispute over wages amounting to \$17 was the direct cause of the shooting, which was the outgrowth of the pay check system resulting in the death of Miss Caroline Brasch, a clerk in the employ of the same firm, who was shot and killed July 2, 1909, under similar circumstances by James Edward Cunningham.

This morning Gray was in his office at the quarry when Lococo appeared. He demanded his \$17, which represented labor performed for Gray Brothers. He declared that he had been demanding the money for two weeks, and had made repeated calls on Gray for it. When Gray refused him today he was angered. Gray soon after left the quarry and walked down to the corner of Twenty-ninth and Castro streets. He was apparently ignorant of the fact that Lococo was following him. At the corner the latter drew a gun and fired two shots, both of which struck the contractor in the back. One of them

JACKIES NEARLY MISS ANNUAL TURKEY 'FEED'

SAN FRANCISCO, Nov. 10.—Uncle Sam's jacks of the Pacific fleet who have been doing duty off the coast of Mexico for six months, came very nearly being deprived of their Thanksgiving feast by the failure of turkey and cranberry sauce to reach San Francisco in time for the sailing of the Buffalo late last night. Indeed the transport left the dock and was speeding on her way toward the Golden Gate when 3000 pounds of turkey and a ton of cranberries was dropped on the wharf. The vessel had been held up to the last minute so that the sailor boys would not be deprived of their expected feast and therefore, when, with the transport still in sight, the provisions arrived, it was decided that they must be shipped at all costs. A launch was pressed into service and the turkeys and cranberries bundled aboard. Out in the ocean the transfer was made and in consequence there will be rejoicing instead of tears when the Buffalo reaches her destination.

JOHNSON HAS APPOINTEES ON TAP

R. L. Telfer, as state printer, Franklin A. Griffin, as the superior judge for the vacant place upon the San Francisco bench, and the remaining of present members of the railroad commission, are the first appointments which Governor Hiram W. Johnson has decided upon. These facts were made known in an interview today given out by the Governor at Sacramento today.

The Governor said Assistant State Printer R. L. Telfer deserved advancement to be State Printer. Franklin A. Griffin, who was appointed judge by the Governor, but noted out at the recent election, is appointed to the judgeship made vacant by the election of Judge Lawlor to the Supreme Court because the Governor says he has a high opinion of Griffin's worth.

Harvey D. Loveland of San Francisco, Alexander Gordon of Sacramento, Edwin O. Edgerton of Los Angeles and Max Tilden of Berkeley, the present members of the Railroad Commission, besides John M. Eschleman, will be reappointed, according to the Governor's statement, on account of their good work upon the board.

The Governor intimates that the presidency of the commission made vacant by the resignation of John M. Eschleman to be Lieutenant Governor, will be filled upon advice and suggestion of Eschleman.

TO CANVASS VOTE.

Extensive preparations are being made in the Secretary of State's office for canvassing the vote.

ALLIES ARE FIGHTING IN FOG

Army Fights Through

Fog

Region Around Ypres Is
Scene of Greatest
Struggle

LONDON, Nov. 10, 4:02 p. m.—The movement of retreat of the German army in Belgium continues, according to a telegram received by the Exchange Telegraph Company from its Rotterdam correspondent. Thirty-five thousand men and 100 guns have left Thilth in the direction of Ghent and 48 wagon loads of munitions have left Bruges for the same destination. A dispatch from the Central News from Amsterdam says: "Train load after train load of German artillery are leaving the Lys valley in the direction of Ghent." "The German army headquarters has been transferred to Alost." "The town of Alost is fifteen miles west of Brussels and forty miles east of the fighting area around Dixmude."

BATTLE IN FOG.

By Associated Press.

PARIS, Nov. 10, 1:50 a. m.—Fighting from sand dune to sand dune, hampered by thick fog banks and at times crawling on hands and knees through high grass, the advance of the allies along the Belgian sea coast continues, according to reports received here today. The advance on Monday was somewhat slower as the Germans, after two days of retreat and rest, again assumed the offensive. The allies, however, presented a stone wall defense and the Germans again were forced to retreat.

The region around Ypres is the scene of the greatest activity as the Germans apparently wish to take possession of the territory between La Bassée and Neuport, which is connected by the railway.

Russian Reservists Mutiny, 17 Are Shot

BERLIN, Nov. 10, via wireless.—Reports reaching here from Sofia, Bulgaria, set forth that a majority of the inhabitants of Odessa on the Black Sea have fled to the interior. Workmen's riots have broken out in the Russian government of Yekaterinburg, and according to the same authority, Russian reservists have mutinied at Lethansk, where seventeen mutineers were shot down by loyal troops.

GERMAN WARSHIP IS BEACHED, BURNED BY AUSTRALIAN CRUISER

By Associated Press.

LONDON, Nov. 10, 12:51 p. m.—It was officially announced in London today that the German cruiser Emden has been driven ashore and burned. The losses among the officers and crew of the Emden are reported to have been heavy.

The Emden was destroyed by the Australian cruiser Sydney. She was driven ashore on an island of the Cocos, or Keeling group, southwest of Java, in the Indian Ocean.

The Sydney sighted the Emden yesterday morning. With superior speed she at once closed in and gave battle. The German boat could not escape. There was a running fight, at the end of which the Emden, burning from the shells of the Australian boat, was beached. The casualties on the Sydney are said to have been slight.

BRITISH CABLE CUT.

By Associated Press.

TOKIO, Nov. 10.—The German cruiser Emden, pursued by the Australian cruiser Sydney, has been beached on one of the Cocos islands.

According to reports reaching Tokio, the captain and most of the crew of the Emden were saved.

Previous to the engagement with the Sydney the Emden cut the British cable connecting the Cocos islands with the outside world.

CRUISER KOENIGSBERG BOTTLED UP.

By Associated Press.

LONDON, Nov. 10, 12:46 p. m.—The German cruiser Koenigsberg, which disabled the British cruiser Pegasus some weeks ago, has been bottled up at Mafia island on the coast of German East Africa, by the blockading of the channel to the harbor.

CONCENTRATE FAST CRUISERS.

By Associated Press.

LONDON, Nov. 10, 12:50 p. m.—The Admiralty statement which announces the destruction of the Emden in the Indian ocean and the bottling up of Koenigsberg on the east coast of Africa, reads as follows:

"After the whereabouts of the Koenigsberg had been indicated by the attack on the Pegasus, on the 19th of September, a concentration of fast cruisers was arranged by the Admiralty in East African waters and a thorough and prolonged search was made by these vessels.

"This search resulted October 30, in the Koenigsberg's being discovered by H. M. S. Chatham, Captain Sidney R. Drury-Lowe, hiding in shoal water about six miles up the Rufiji river, opposite Mafia island, German East Africa. Owing to a greater draught, the Chatham could not reach the Koenigsberg, which probably is aground, except at high water. Part of the crew of the Koenigsberg has been landed and is entrenched on the banks of the river.

"Both the entrenchments and the Koenigsberg herself have been bombarded by the Chatham, but owing to the dense palm

TODAY'S WAR DEVELOPMENTS

Great Britain has had her innings on the sea. The famous German cruiser Emden has met her fate. The Koenigsberg, another German scourge of the sea, has been bottled up. Thus England obtains partial revenge for the havoc wrought on her sea commerce by Germany's elusive marine raiders.

Fighting on land proceeds with savage intensity, but without definite issue on any of the fields of battle. In Belgium Germany's renewed attempt to break through to the English channel has brought on a fearful struggle still to be decided. Along the eastern front of Prussia both Germany and Russia lay claim to successes. In the Near East the Russians are meeting unexpectedly stiff resistance from the Turks.

On the European battlefields, fighting is fiercest along the small strip of Belgian territory in possession of the allies from the sea to the frontiers, near the French border. Of the series of desperate assaults made by the Germans the present is probably the most severe, since the allies have declined to cede the offensive entirely to the enemy and are meeting attack with attack.

Today's French official statement reports that the fighting is especially violent, that the German advance south of Ypres, a few miles north of the French border, has been checked, and that further to the south the French have made some progress.

Paris advices indicate that elsewhere along the main battle line the situation is much the same as it has been for several weeks.

The importance attached to the great battle along the eastern frontier of Germany is shown in dispatches from Berlin, which say that attention there has been turned from the western scene of action, desperate and momentous as it is, to the east. Germany repeated its claim to an important victory over the Russians in the north, near the scene of the disastrous Russian defeat early in the war. The Russians apparently attempted to break over the East Prussian border at the same time they were pushing their advance further south along the River Warthe, where the main forces are employed. On this, the most important phase of the battle, both Berlin and Petrograd were silent today.

The Russian forces which invaded Armenia are meeting with obstinate resistance, as it is admitted in the official Russian report of the Caucasian army staff. The Turks, apparently offered by Germany, massed large forces for an attack near Erzerum, and it was only by hard fighting that the Russians were able to defeat an attempt to envelop one of the banks. The Russians state, however, that they maintained all of their positions.

Severe encounters are in progress between the Serbians and Austrians, and while reports are conflicting, the best available information would seem to show that the Austrians are now fighting in Serbia, well over the border.

election. Statistician James Cremin has
established headquarters in the basement
of the Capitol building, where day and
night shifts of about twenty men each
will work with twenty-five adding ma-
chines compiling the vote.

The boards of supervisors in the fifty-
eight counties of the State are now can-
vassing county returns and upon com-
pletion will send them to the Secretary
of State. Cremin does not expect to re-
ceive any county returns before the end
of the week.

Cremin is to keep day and night shifts
running to facilitate the task of count-
ing the vote and as each county sends
in its returns it will be added to that
already in, so the total vote on all can-
didates and all amendments will be known
as the count progresses.

BAR ASS'N TO GATHER IN OAKLAND

Convention of Lawyers and
Jurists to Hold Busy Three-
Days' Session.

The fifth annual meeting of the Cali-
fornia Bar Association will be held in
Oakland on November 15, 16 and 17 at
the Hotel Oakland. Members of the as-
sociation, including many prominent law-
yers and jurists from the Supreme Court,
will speak at the convention on different
subjects that have taken place during the
current year pertaining to the bar.
Reports from the secretary, treasurer and
executive committee will be read.

The gathering will be the largest and
the most important held during the five
years that the association has existed.
The members will be shown the growth of
Oakland and its environs by the Oak-
land members. A big banquet will be held
in the Hotel Oakland on Friday evening,
when both the members and their wives
will be in attendance.

WILL DELIVER WELCOME.
M. C. Chapman, on behalf of the Oak-
land Bar Association, will deliver the ad-
dress of welcome, followed by the head of
the organization, William J. Hunsaker,
who will give the president's address. Re-
ports of the nominating committee will be
read. The officers will report on the af-
fairs of the association. Sections of Con-
stitutional Amendments will be discussed.
In the afternoon the visiting members
and their wives will be shown the beauties
of Oakland.

The evening session will commence with
an open court. Matt I. Sullivan, Chief
Justice of the Supreme Court, will dis-
cuss "Laws, Delays and Remedies Sug-
gested."

Friday morning's session will be opened
with the annual address by Walter Bond-
well, followed by reports on Criminal Law
and Procedure, Civil Procedure, Pleading
and Practice, Amendments on Substantive
Law, Legal Ethics, Uniformity of State
Laws, Legal Education and Admission to
the Bar, reports by standing and special
committees.

PUBLIC DEFENDER TO SPEAK.
Walton J. Wood, public defender of Los
Angeles county, will speak on "The Place
of the Public Defender in the Adminis-
tration of Justice" at the meeting in the af-
ternoon. Committee and section reports
will be heard.

A memorial in honor of the Chief Jus-
tice Beatty, who died in the early part
of this year, has been prepared by Judges
Fred W. Henshaw, Wheaton A. Gray,
Benjamin F. Hildes, M. C. Chapman and
Garret W. McEneaney. Charles S. Wheel-
er will deliver the address.

At 8 o'clock the members and their
wives will gather at the banquet in the
Hotel Oakland.

Saturday will be the final day of the
convention and will include all unfinished
business, election of officers and selection
of a city for the 1915 gathering. During
the afternoon the members will journey
across the bay to view the Panama-Pa-
cific Exposition grounds headed by the
exposition directors, who will escort the
delegates through the grounds.

Ford and Suhr Are Denied Rehearing

SACRAMENTO, Nov. 10.—The applica-
tion for a rehearing of Richard
(Blackie) Ford and Herman Suhr, sen-
tenced to life for the murder of District
Attorney E. T. Minwell of Yuba county
in the hop field riot in the fall of 1910,
was denied by the State Supreme Court
yesterday afternoon. The murder fol-
lowed a riot on the Durst hop ranch
near Wheatland. The only appeal re-
maining for Ford and Suhr is the United
States Supreme Court.

Maytorena Adherents Burn Two Bridges

PHOENIX, Ariz., Nov. 10.—Two bridges
on the Nazca railroad in Sonora, Mex-
ico, were burned last night, probably by
adherents of Governor Maytorena. Tele-
graph wires also were cut. Two hundred
men from the Carranza garrison of Agua
Prieta accompanied the train, which was
sent south today to repair the dam-
age.

PAY CHECK LEADS TO SECOND MURDER

Trouble Over Sum of \$17
Leads to Second
Tragedy.

(Continued From Page 1)

pierced his body, cutting the
heart, and Gray fell dead.
Lococo turned and ran. Pat-
rolman Jurgens was riding in
his automobile near by. He saw
the fugitive with a revolver still
in his hand, pursued him and
took him into custody. Immediately
after he was turned over to
Detective Sergeant James
Gallagher.

Lococo is married, has several
small children and lives at 781
Arkansas street.

TROUBLE WITH EMPLOYER.
Gray brothers have always had a
great deal of trouble with their em-
ployers. The pay check system, which
was introduced for disbursement
among their laborers, was brought to
light in July, 1909, when Cummings,
who had repeatedly called at the
Gray's office in the Wells Fargo
building, and had been unable to ob-
tain his money, shot and killed Gar-
line Brash, 29 years old.

Cummings had always seen the
young woman there and thought she
was mistress of the place. She had
loved with him when forced to re-
fuse his request, and answered he shot
her down and was arrested.

Today's case was similar in the
fact that Lococo claims to have been
refused his pay. He is a small man,
dark complexioned, with small fea-
tures and a nervous nature. He had
evidently nursed his grievance and had
evidently deliberately planned to kill
Gray if the latter failed to pay him.
Gray, the dead man, died a
petition in bankruptcy last week in
the federal court.

Gray put his liabilities at \$162,448,
with no assets.

STARVING AND EJECTED.

Because his wife, his two little
babies and he himself were without
food and threatened with ejection
from their home, Lococo shot Gray,
according to the former's signed
statement to the police. Almost sim-
ultaneously with Lococo firing the
shot which laid low the prominent
quarryman, the assassin was fleeing the
little family from their Arkansas
street home was going on.

A bowl of spaghetti and a sip of
coffee for each of the family was all
the food they had for 25 hours
and it was this desperate plight of
his loved ones, combined with his
own ill health and a fear of the fu-
ture that led Lococo to commit murder.

A summary of Lococo's statement to
the police follows:

"I went to work for Gray
Brothers on October 5. I was
off sick two days, but altogether
I was employed ten days, stop-
ping, I think, on the 16th. I was
to get \$1.75 a day. I needed the
money, but they would not pay me. I
couldn't have it until next pay
day, which was the 5th of Novem-
ber. The Associated Charities
and some Italian people had been
helping me, but I had nothing
to eat for my wife and two
babies. They are 7 months
and a year and a half old. I
didn't know what to do. I went
to the quarry, but they couldn't
help me. On the 5th I was sick
and when I went to get my
money they told me the day was
past and I would have to wait
until the 28th. I think this was
on the 7th. I went to the office
in the Balboa building, but the
quarry said they would not pay
me until at least until the 28th.
Then I went to the Italian consul
and he sent a woman to see what
she could do for me, but they
wouldn't do anything for her.

THREATENED BY LANDLORD.

"At the time the Associated
Charities sent us food, but the
landlord was threatening to turn
us out. I have been very sick.
Last night we had nothing to eat
but spaghetti and coffee and this
morning nothing. I went up to
the quarry and saw Mr. Gray.
He said he could do nothing for
me. I pleaded with him, but he
wouldn't help me. I begged him,
but it was no use. He left and
went down to Castro street.
I followed him. I asked him once
more on the corner, but he re-
fused again. Then I put my
hand in my pocket. He turned
and ran and I shot him. I had
worked ten days at \$1.75 a day.
I think there was \$17 or so that
I got. That's why I did it."

In every way the shooting re-
sembled that of Caroline Brash five
years ago. Like Cunningham, Lococo
on a border of slight excitement, he
is willing to work, but his earnings
are pitifully small. He made no ob-
jection to being locked up, but sev-
eral times during the course of his
statement he broke down and tears
streamed forth.

Kills Dining Car Waiter in Quarrel

SAN BERNARDINO, Nov. 10.—J.
D. Fincher, a dining car conductor,
last night shot and killed Sam Wil-
son, a negro waiter, after a fight on
the dining-car platform of a moving
Salt Lake train. Afterward Fincher
cave himself up to the county au-
thorities at Barstow, and today was
brought here to the county jail.

A quarrel between the two men
began when the train was near Lud-
low on the desert. Fincher said. He
asserted that when the waiter at-
tacked him, he was in the dining car
and he ran into the dining car for a revolver
and then shot Wilson.

Cavalry Officer Is Killed at Trinidad

TRINIDAD, Colo., Nov. 10.—Cor-
poral Philip Messer of Troop K,
Eleventh United States cavalry, was
killed and Sergeant Harold Howard
and Albert Fick, an employee of the
Kearney National Bank, were seri-
ously hurt early today when an au-
tomobile in which they were driving
plunged over a 20-foot embankment.

EXAMINE BRITISH SHIP

NEWPORT, Va., Nov. 10.—The
British ship, "Humbly Grove," reported
lost, is to be taken below decks
and into the water this afternoon
and will be examined on arrival here.
The vessel sailed from Baltimore last
Saturday with 500 horses and a gen-
eral cargo for France.

GOV. JOHNSON QUARANTINES STATE

Livestock From the East Ex-
cluded to Prevent Con-
tagion Entering.

SACRAMENTO, Nov. 10.—Governor
Hiram W. Johnson issued a pro-
clamation today quarantining the State
against the contagious foot and mouth
disease which exists in live stock in
the states of Massachusetts, New
York, Rhode Island, Ohio, Pennsylvania,
Indiana, Illinois, Maryland,
Michigan, Iowa and Wisconsin.

Governor Johnson, co-operating
with State Veterinarian Dr. Charles
Keane, the department of health, the
quarantine is effective immediately
and is far reaching, prohibiting the
entry of stock into California from
the East and Middle West unless ex-
amined and permitted entry by the
state veterinarian.

"It is easy for the disease to reach
the stock of this state," said Dr.
Keane yesterday, "and there is little
doubt that once here it never could
be wholly eradicated. Thus it is that
extreme measures are taken to pro-
tect the stock interests."

DANGER INCREASES.
"This is the worst outbreak and
the most dangerous that has occurred
in the history of the country," con-
tinued Dr. Keane. "It would do un-
fathomable damage to the cattle industry in
the West, and once it gained a foot-
hold it would be almost impossible
to get rid of it. We are going to
take the necessary steps to keep it
out of California if possible."

Here is a description of the dis-
ease as given by the state veteri-
narian.

Foot and mouth disease or apthous
fever is an acute febrile, contagious
and infectious disease of clovenfooted
animals (cattle, hogs and sheep), and
occasionally horses and dogs.
Human beings, especially children,
are in some instances also suscep-
tible, and when infection occurs in
humans it is brought about by con-
tact with or drinking the milk of
infected animals. The causative
factor is a filterable virus, or, in
other words, a micro organism so
small that it will pass through the
pores of a porcelain filter, and can-
not be detected with the micro-
scope (ultramicroscopic).

ENDemic PLAGUE.

This disease has from time to time
for many years existed as an animal
plague in many of the European
countries. Prior to the present out-
break in the United States five im-
ported outbreaks have occurred, in 1870,
1880, 1884, 1902 and 1903. Vigorous
measures taken at these times re-
sulted in its eradication.

It is interesting to note that the
origin of the 1903 outbreak occurred
through the medium of contaminated
smallpox virus imported from Japan,
while it is reported that the origin of
the present outbreak was due to in-
fected hides imported from South
America.

COLD WEATHER HELPS.

WASHINGTON, Nov. 10.—With
thirteen states under federal quar-
antine and cattle shipments barred
from Canada, officials of the Depart-
ment of Agriculture working with
local authorities pressed their right
today to halt the spread of the foot
and mouth disease among live stock.
Colder weather in the infected
states, it was believed, would tend
to check the epidemic.

Department officials said they could
not estimate the effect of the quar-
antine against Canada until it was
determined whether the cattle had
been infected before immediate slaugh-
ter and disposal. Yearly importa-
tions of cattle from the dominion
amount to about \$8,000,000.

Reports from field agents in In-
diana and Michigan led to expression
of alarm at the department that the
epidemic in those states had been
brought under control.

Hotel Men Consider Plans in Exposition

Hotel managers and members of the
Board of World's Fair Commissioners
met this afternoon in the Key Route Inn
and discussed plans for the organiza-
tion and consolidation of the hotel
associations on both sides of the bay.

Among other things discussed were
three vital questions dealing with co-
operation in the building of a new
convention accommodations. This last
question was discussed at length, be-
cause, in the words of Assistant Man-
ager Darrow of the Oakland-Berkeley
Hotel Association, "it is of particular im-
portance that accommodations be pro-
vided for all the visitors to the expo-
sition."

"Oakland is an ideal spot," said Henry
Walker, manager of the Key Route Inn,
"and a great many of the visitors will
be here. We will do our best to keep as
many here as possible, thus increasing
local and foreign patronage, which
will in turn add to the increase of busi-
ness interests in this city."

It was agreed to call an action taken
by the San Francisco Association to pre-
pare for the consolidation of hotel pla-
ces by setting a maximum rate for
visitors, and providing that any one
violating this rule be subject to ex-
clusion. The action of exclusion is
considered to all hotel men on this side
of the bay to be a serious law, and ap-
propriate action will be taken to en-
force it.

RACERS START SECOND LAP TO PHOENIX

Twelve Cars Leave Needles at
Daybreak in Desert
Classic.

BULLETIN.
PRESCOTT, Ariz., Nov. 10.—
Oldfield arrived in night control
first at 2:52. His time from
Needles was 9 hours and 20 min-
utes.

SELIGMAN, Ariz., Nov. 10.—
Barney Oldfield passed through
here first, shortly before noon.
Davis was second, Nikrent third.
Oldfield's elapsed time showed
him half an hour in the lead on
the last lap to the Prescott con-
trol.

RINGMAN, Ariz., Nov. 10.—Oldfield
No. 4, winner of last year's Phoenix
race, was first past this point today in
the sprint over the mountains to Pres-
cott.

Within five minutes four other racers
were by. Deudet, No. 11, Durant, No.
2, Nikrent, No. 8, and Oldfield, who was
winning his car on that track. On elapsed
time Oldfield was second.

TWELVE CARS START.

NEEDLES, Cal., Nov. 10.—Just at
daybreak twelve racing cars, survivors
of the trans-desert test from Los An-
geles yesterday, shot away today to-
ward Prescott on the second leg of the
673 mile race to Phoenix.

W. C. Durant, who beat Oldfield tech-
nically by one second in the checking
station last night was first away. Old-
field, the veteran was second out and
the other ten cars followed. Several of
the cars were in precarious condition,
and the rough roads lying before the
racers are expected to put several more
out of the running before the Prescott
night control is reached. The distance
to Prescott is 236 miles. If the leaders
maintain the speed rates they set yester-
day despite the rain swept roads, they
should reach the control shortly after
noon.

The rain that accompanied the racers
from Los Angeles eastward to this point,
swept on ahead of them today, making
the roads slippery and heavy. Telegram
from Prescott this morning reported a
heavy rain storm there, and reports from
way stations along the route of the
racers said that the cars were plowing
through deep mud, skidding and swing-
ing wildly as their drivers tried to crowd
on speed. Oldfield was reported again
out in front with Durant and Old De-
laun, last year's Phoenix winner, in close
pursuit.

House Cleaning in Washington Begins

WASHINGTON, Nov. 10.—Official
house-cleaning time in Washington was
inaugurated today when an army of
workmen swarmed into the capitol and
the senate and house office buildings to
make them ready for the December ses-
sion of congress. Painters, plasterers and
cleaners worked throughout the great
buildings removing traces of war time
activities, the practically continuous sessions of
the last eighteen months.

SUBMIT BIDS FOR GIANT DESTROYERS

Military Features Not Embodied in Other Similar Vessels Are Planned.

WASHINGTON, Nov. 10.—Bids for the construction of six giant destroyers—the largest ever built for the American navy—were submitted for opening today at the navy department. Military characteristics not embodied in destroyers of the previous class have been planned for the new vessels, and by increasing their displacements twenty tons they will be enabled to carry four additional torpedo tubes and two anti-aircraft guns.

When the new vessels are completed there will be 68 destroyers in the navy. The destroyers were authorized by the last Congress and their limit of cost, exclusive of armament, is \$255,000 each. They will have a displacement of 1,110 tons, and speed of 25 knots.

The added displacement will be made possible by increasing the draft 1 1/2 inches which will be 9 feet 5 1/2 inches. They will measure 215 feet 2 inches over all with an extreme breadth of 29 feet 10 inches.

The new destroyers will be equipped with four 4-inch rapid fire guns, four 6.321 inch triple torpedoes and two 1-pounder anti-aircraft guns.

CITY TAX BOOK GONE! WHO PAID?

San Leandro Official Unable to Answer Until He Finds Tome.

SAN LEANDRO, Nov. 10.—A tax book in which is recorded the names of the city's taxpayers is missing from the office of Tax Collector Joseph Peralta. Whether the book was temporarily removed by some practical joker or perhaps by some one who intended to offer the figures, Peralta is unable to say.

Peralta stated the book when he entered his office yesterday. The book was found in a strong box with other ledgers behind a strong box partition. Whoever took the book away must have climbed over this partition. The tax collector is in a dilemma as a result of the loss of the book, in which record is kept of all the taxes taken in Peralta is inclined to think some one took the book for the purpose of making it, and that it will be returned as mysteriously as it went missing.

HAYWARD IS NOTED AS HOME OF OFFICIALS

HAYWARD, Nov. 10.—This city is proud of its record in returning more public officials to office than any other community of its size in the county.

Among the public officials who claim Hayward as their home town are Superior Judge W. J. Ramage, Constable W. J. Ramage, Sheriff Joseph Soares, Deputy Sheriff George Oakes, Deputy Recorder Charles W. Hayes, Auditor A. A. De Mello, Deputy County Clerk Hans Henningsen and Deputy County Clerk John Smith.

W. J. Ramage has also been re-appointed tax collector.

REBEKAH ENTERTAIN.

ELMHURST, Nov. 10.—The Elmhurst Rebekah Lodge, No. 277, entertained many visiting lodgemen at the initiation ceremony in Odd Fellows' Hall last night. Among the guests was a member of the Rebekahs from Sonoma. Mrs. M. J. Frank, noble grand of the Elmhurst Rebekah, was welcomed home from the East. Deputy President Anna Marie H. Hoffman and Mrs. J. Hazlett had charge of the initiation arrangements.

INCREASED NAVAL BUILDING PROGRAM

Representative Roberts Says Work Will Begin on Bill.

WASHINGTON, Nov. 10.—Prediction of an increased naval building program for 1937, a result of lessons drawn from the European upheaval, were made today by Representative Robert H. Taft, Republican of Ohio.

Under the direction of the advisory committee of the United States Navy, the new corporation was organized yesterday. Sufficient property and securities have been turned over to the new corporation to insure the outstanding debts. New notes will be issued if necessary.

Of the \$4,000,000 that has already been paid off by the advisory committee, the greater portion of the indebtedness of Smith has been liquidated through the sale and transfer of Pacific Coast Box Company stocks and bonds. The securities which remain in the hands of the advisory committee consist principally of stocks and bonds in the San Francisco-Oakland Terminal Railway.

The incorporators of the Securities Company are A. L. White, Edwin Schwab, F. B. Lorigan, W. R. White and George A. Hatfield, employees in the law offices of W. L. Erbebach.

Go-cart Factory Is New Enterprise for San Leandro

SAN LEANDRO, Nov. 10.—King Baby will be evaded higher than ever in this city within the next few months, by which time a factory for the sole purpose of manufacturing baby carriages may be established.

A representative of a firm of manufacturers of go-carts and carriages, who have been investigating here lately with the object of determining whether San Leandro will be a suitable location for a manufacturing concern of the kind, it is understood he is satisfied with the prospects. Should the concern start up here enough go-carts to furnish transportation for all the babies in Alameda county would be sent out from San Leandro.

The Chamber of Commerce has been making strong efforts to have manufacturing firms establish plants here and in this they have the assistance of the San Leandro Business Men's Association.

SEEK TO DIVIDE EDEN TOWNSHIP

Line Would Enable Hayward and San Leandro to Govern Own Affairs.

SAN LEANDRO, Nov. 10.—Since the general election there has been talk in this city of a move being made for a division of Eden township. This step, it is stated by those who speak in its favor, would mean that the two large communities, of which Hayward and San Leandro are the centers, would be in a position to better govern their own affairs.

The contemplated line of the new township is to take in San Leandro, San Lorenzo, Ashland and a portion of the Castro Valley and Hayward Park precincts. Hayward, Mr. Eden, Palomares and a portion of Hayward Park and Castro Valley would remain in Eden township.

One of the contentions is that under the present conditions the Hayward vote has a strong influence in the election of public officials, whose headquarters are in San Leandro and vice versa. Supporters of the proposed division are of the opinion it might be better if each large community had the electing of its own officials.

W. J. Ramage has also been re-appointed tax collector.

MILITARY POWER OF U. S. A SHAM

Speaker Denounces American Doctrine Before Knife and Fork Club Banquet.

KANSAS CITY, Mo., Nov. 10.—America today is absolutely indefensible and should it be drawn into the European conflict, or any other war, would not long be able to resist attacks, according to Harvey D. Gibson, vice-president of the Liberty National Bank, New York, who spoke before the Knife and Fork Club here last night. He said the military power of the United States is a sham—a nut without a kernel.

"We have been following the doctrine, that because preparation is not an actual preventive of war, we should not prepare. The doctrine is no sounder than that of refusing to take out the insurance because the insurance itself does not prevent the event. A strong national army would be America's insurance. The cost would be heavy, but see what France lost in 1870-71—an indemnity of a billion dollars, two of her fairest provinces and a million men."

Mr. Gibson advocated a mobile army of 100,000 men and a militia of 500,000 men, who, after two years, would become reserves. This, he said, would give us within five years a million men for first line defenses and a million men in reserve.

Diversified and intensified farming was advocated by Frederick Haynes Newell, director of the United States Reclamation Service, who also spoke before the club. "It is intensified agriculture, the working up of a profitable side issue, that succeeds in the farming of today," he said.

As an example of what can be done in reclaiming arid lands, Mr. Newell cited the Salt River Valley in Arizona, which has been reclaimed by the Roosevelt dam. There, he asserted, the Indians are raising good crops of Egyptian long fibre cotton and have had no difficulty this season of disposing of their crop at 21 and 23 cents a pound.

HAS OSTRICH APPETITE.

WALLA WALLA, Wash., Nov. 10.—A cow butchered in a local packing house proved to be a regular bovine ostrich. In her stomach were found a 3-cent piece, sixteen ticks, two eight-penny nails, several small pieces of iron, a piece of wire three inches long and a number of pebbles. The discovery of the nickel imbedded in bossy's stomach led to an investigation of the contents of the stomach and the collection of metals and minerals was found there.

JOY RIDERS JOKE; BUT VICTIM IS MARSHAL

HAYWARD, Nov. 10.—A merry party of joy riders stumbled into Night Watchman Fred Schilling at 10 o'clock in the morning. The merry party had reached the stage of hilarity which usually finds a vent in practical joking, and, imagining where their merriment would lead, they not only ignored his warnings, but proceeded to do the very opposite.

JOY RIDERS JOKE; BUT VICTIM IS MARSHAL

tary power of the United States is a sham—a nut without a kernel.

"We have been following the doctrine, that because preparation is not an actual preventive of war, we should not prepare. The doctrine is no sounder than that of refusing to take out the insurance because the insurance itself does not prevent the event. A strong national army would be America's insurance. The cost would be heavy, but see what France lost in 1870-71—an indemnity of a billion dollars, two of her fairest provinces and a million men."

Mr. Gibson advocated a mobile army of 100,000 men and a militia of 500,000 men, who, after two years, would become reserves. This, he said, would give us within five years a million men for first line defenses and a million men in reserve.

Diversified and intensified farming was advocated by Frederick Haynes Newell, director of the United States Reclamation Service, who also spoke before the club. "It is intensified agriculture, the working up of a profitable side issue, that succeeds in the farming of today," he said.

As an example of what can be done in reclaiming arid lands, Mr. Newell cited the Salt River Valley in Arizona, which has been reclaimed by the Roosevelt dam. There, he asserted, the Indians are raising good crops of Egyptian long fibre cotton and have had no difficulty this season of disposing of their crop at 21 and 23 cents a pound.

HAS OSTRICH APPETITE.

WALLA WALLA, Wash., Nov. 10.—A cow butchered in a local packing house proved to be a regular bovine ostrich. In her stomach were found a 3-cent piece, sixteen ticks, two eight-penny nails, several small pieces of iron, a piece of wire three inches long and a number of pebbles. The discovery of the nickel imbedded in bossy's stomach led to an investigation of the contents of the stomach and the collection of metals and minerals was found there.

JOY RIDERS JOKE; BUT VICTIM IS MARSHAL

HAYWARD, Nov. 10.—A merry party of joy riders stumbled into Night Watchman Fred Schilling at 10 o'clock in the morning. The merry party had reached the stage of hilarity which usually finds a vent in practical joking, and, imagining where their merriment would lead, they not only ignored his warnings, but proceeded to do the very opposite.

The robbery up some when Schilling displayed his star and caught hold of one of the noisy revellers. Schilling, conducted his captive in the direction of the lock-up, escorted by the noisy throng. The party, on condition that they all behave town without any more ado, the noisy reveller was released.

GOOD GRAY POET HONORED BY CLUB

Members Scale "The Hights"
to Pay Tribute to Joaquin Miller.

Wending their way through Diamond Canyon to "The Hights," members of the Joaquin Miller Club of Fruitvale today paid tribute to Joaquin Miller, poet of the Sierras, on the first anniversary of his death.

The pilgrimage was led by Dr. Minora M. Kibbe, president of the club, who was mistress of ceremonies. Promptly at 10:30 o'clock the delegation started its hike, and the members of the club won recognition as splendid hikers. They made the journey in less than half an hour. During the trip the members refused to rest, but when they reached "The Hights" they heaved a sigh of relief.

They ate their luncheon at the Miller home, where sandwiches and fruits were spread upon the table at which the bard used to enjoy his solitude, which he cooked himself.

During the afternoon an impromptu program was given by the representatives of the club. Mrs. Joaquin Miller read a number of the favorite poems of Joaquin Miller, and her daughter, Miss Joaquin Miller, sang sonnets and verses which he dedicated to California and "The Hights." Just before dusk the guests and club members left the Miller abode for their homeward walk, which was made in record-breaking time.

SPOUSE, CHASED FROM HOUSE, RUNS INTO POLICE

William Davis, an electrician, appeared before Judge James Quinn, sitting for Judge Gamble, this morning, bareheaded and abashed. Davis had returned home last night in a somewhat intoxicated condition, and according to his wife Julia, had attempted to discipline her with a kettle of scalding water. Finding that he succeeded in only burning her hands and arms, he is alleged to have displayed in temper by throwing a dishpan into the kitchen on the kitchen floor.

Mrs. Davis lost her temper and chased her spouse from the house. He was about to retire at the time, and had removed his shoes and socks. Despite this fact he managed to keep in the lead from their home, 519 Grove street, to Forty-third and Telegraph avenue, where Davis ran into the arms of Patrolmen Hayes, Brown and O'Neill. Charges of drunkenness and battery were placed against him.

JACKSON FURNITURE CO. BUYS WAREHOUSE SITE

Property in West Oakland, involving a large frontage, has been sold, containing 230 feet by 122 feet, extending along the north side of Twenty-first street, from Route spur track facilities, to the Jackson Furniture Company of Oakland, which will shortly occupy the premises. The new warehouse will be for its local business. The former owners of the property were Walter Manuel and George Roth, the selling price being understood to be about \$15,000.

OPERATORS TO BE TRIED.

SAN FRANCISCO, Nov. 10.—Walter E. and Ralph H. Schwarz, with offices at 246 Monmouth building, were held to answer before the Federal grand jury today by United States Commissioner Kuhl. They are accused of using the mails to defraud in connection with the sale of land in a subdivision on the Ocean Shore Railroad. They have been operating under the name of the Tobin Park Development Company.

CHINESE LOTTERY RAIDED.

An alleged Chinese lottery raid was made at 878 Ninth street by Coroner John Fahy last night and R. Crawford, Pat O'Brien, R. C. Mitchell and Ad Bow were arrested as visitors. Frank Warden, John Brownless, Bert Lewis, Pat Kelley and Albert Baby were arrested for having lottery tickets in their possession.

Barn Dance Is Benefit Institute Plans Affair

MISS GERTRUDE MCGRATH.

A barn dance will be given tomorrow evening at Sacred Heart auditorium, Forty-first and Grove streets, by members of Laurentian council No. 70, Young Ladies' Institute, the baby council of the institute. The dance will be given for the benefit of Sacred Heart church. Frank Flynn, a member of the Young Men's Institute, will be floor manager, assisted by Harry Pasanek, Stewart Cronin, Geo. Courtney, Harry McCoy and several other young men.

The committee in charge of the affair has arranged a number of features for the evening's entertainment. Mrs. George Courtney is chairman of committee of arrangements, which includes Miss Maybelle Broad, Miss Ida Wittschen, Miss Gertrude McGrath, Miss Mary Hannon, Miss Veronica Gregory, Miss May Flynn, Miss Gertrude Murray and Miss Blanche Laughlin.

WILL PRESENT "PARSIFAL."

"Parsifal," the Wagnerian masterpiece, recently immortalized in the films, is to be presented at the First Presbyterian Church, at Twenty-sixth and Broadway, on Wednesday evening of this week. The entertainment is to be given by the members of the Christian Endeavor Society for the financial benefit of the organization and the furthering of its activities.

BENEFIT CARD PARTY.

For the benefit of the Little Sisters of the Poor a card party will be given at the home of Mrs. Antone Hazzler, 474 Forty-fourth street, tomorrow evening, when a number of attractive girls will act as scorers. The affair is the first of its kind to be given for that charitable institution. The Hazzler home will be thrown open to the public on that evening. Those in charge of the same are Mrs. John Conrad Lighthouse, Miss Maybelle Broad and Miss Margaret Gallagher. A number of prizes will be awarded to the successful players.

HAS PEG LEG; BREAKS OTHER.

SAN FRANCISCO, Nov. 10.—John Murphy of 270 Natoma street is possessed of a wooden leg. He was crossing Third street at Mission, early this morning, when he slipped and broke it below the knee. He was taken to the harbor emergency hospital.

"It was awful tough that it couldn't have been the wooden one," he said as he lay on the operating table. "I never thought my good leg would go back on me like that."

BLUE SKY LAW IS PROBABLY BEATEN

Only Los Angeles County Can
Save Measure From
Defeat.

SAN FRANCISCO, Nov. 10.—Latest returns from last Tuesday's vote on the red light, blue sky, non-sale of game and eight-year prohibition measures give the following:

Red light Abatement—4361 out of approximately 4585 precincts in the State. For, \$70,388; against, \$42,078.

Blue sky law—3416 precincts: For, 173,143; against, 211,258.

Non-sale of game—4300 precincts: For, 308,627; against, 228,577.

Prohibiting vote on prohibition within eight years—4361 precincts: For, 311,994; against, 390,268.

The fate of the blue sky law depends upon the vote of Los Angeles county, which has not yet been reported. It is asserted that a heavy majority for the measure was given there and the big margin of 33,115 votes now standing against it may be wiped out.

The precincts not yet reported on the other three propositions are quite unlikely to reverse the showing made in the foregoing figures.

Refunding Issue Is Requested by S. P.

SAN FRANCISCO, Nov. 10.—The Southern Pacific Railroad Company and the Southern Pacific Company this morning filed application with the Railroad Commission for authority to issue a sufficient number of first refunding mortgage gold bonds to yield \$2,540,651.04 for the purpose of refunding the Southern Pacific Railroad Company for the capital expenditures made during the 18 months ending June 30, 1914. The company was recently authorized by the commission to issue \$2,063,000 of these bonds for similar purposes.

SANTA FE SEEKS TO STOP STREETS

Railroad Does Not Want Big
Acreage Opened by
City.

RICHMOND, Nov. 10.—To determine whether or not the city will abandon street opening proceedings on Main, Florida and Virginia streets, as requested by the Santa Fe Company, on condition that the railroad company remunerate the city for the expenses already incurred with this will again be argued Thursday night at an adjourned meeting of the council.

Attorney M. N. Reed of Los Angeles and Platt Kent appeared for the Santa Fe Company, formally to protest against the opening of Virginia street, but in reality to ask the city fathers to abandon all street proceedings which will cut up the Santa Fe property west of First street.

Reed declared that just as the city must build for future development, the railroad company was anxious to keep the property in one piece, in order that it might expand its plant as necessity required.

He said that his company realized that it had been late in protesting against the opening of Main and Virginia streets, but that they would be willing to make a financial settlement to cover the city's expenses in the matter.

Attorney Reed asked the councilmen to look at the matter from a point of the railroad company's interests, as compared with the interests concerned with opening the street.

H. W. Wernse, appearing for the Cutting interests, said that there was a large territory which would be benefited by opening the streets, and that his company has proceeded on a large amount of work which would be wasted otherwise.

Councilman Lane said that he had anticipated protests from those who would have to pay the assessments for the work, as he feared when the matter was first proposed that there would not be enough who wanted the streets opened to get the matter started, but he said that no protests from the property owners had been received.

He considered as a sign that the streets were wanted, he recommended that the proceedings be continued.

Thursday night was set for a second hearing, at which the city engineer will produce the figures showing the cost to the city to date, and the railroad company will state to what extent they will go to have the proceedings abandoned.

EMPEROR REJOICES OVER GERMAN VALOR

By Associated Press.
BERLIN, Nov. 10. By wireless.—Emperor William has answered a telegram from the Bremen senate congratulating him on the victory of German warships over an English squadron in Chilean waters in the following terms:

"I rejoice with the entire German people over this splendid proof of the true German sailor spirit. I pray God still to grant our weapons victories on land to the confirmation of all plans of our enemies for the destruction of German being and influence."

According to an Austrian official announcement received in Berlin the Austrians in a battle of three days' duration in Western Serbia defeated 120,000 Serbians, who have been forced to retreat on Valjevo. The Austrians made many prisoners and captured a large quantity of war material.

An Austrian aviator has thrown bombs on Montenegro, damaging the station.

STEWART DROPS DEAD.

RICHMOND, Nov. 10.—Walking into the front door of his home at 343 Fourth Street Sunday morning, J. C. Stewart, member of the local Carpenters' union and one of the best known employers in the street department, fell from a street of apoplexy. A widow and four sons survive. The funeral was held this morning and was in St. Peter's church. Services were conducted by Mrs. F. J. Harris.

BEACHEY IN THRILLERS AT RACETRACK SUNDAY

Daring Birdman to Loop the Loop and Race Automobile

Lincoln Beachey will give the same exhibition at the Alameda racetrack next Sunday that thrilled a record-breaking crowd at the Panama-Pacific Exposition grounds last Sunday, when approximately 60,000 persons gathered at the world's greatest exhibition to witness the wonderful flights of the famous birdman.

He looped the loop, flew upside down and did everything possible with an aeroplane, besides floating up a scenic balloon from the sky. All this he will repeat next Sunday and as an added thriller he will race against a high-powered racing automobile driven by a driver of international reputation. This feature alone when presented in the large cities of the East during the summer, brought the vast crowds who witnessed it to their feet cheering for their favorite, as Beachey is at all times within a few feet of the driver's head.

CLEMENCY SHOWN BY JUDGE OGDEN

He Gives Probation to Three Prisoners; Burglar Sentenced.

Alex. Lafrance, 32 years of age, who was accused of 23 burglaries in Oakland and other bay cities, was sentenced to serve seven years in Folsom today on two counts to which he pleaded guilty.

John Randolph was placed on probation for two years, and Frank Loomis for five years by Superior Judge Ogden today. The defendants were charged with a statutory offense, in which a young girl was complaining witness. Mitigating circumstances moved the court to leniency.

Arthur Bloomquist, 15 years of age, was placed on probation for six years for passing three bogus checks.

C. A. Thomas, arrested for violation of his former probation, had his case continued four weeks, in order that an operation may be performed upon him at the county infirmary. It is believed that the operation will be favorable to his doing right in the future.

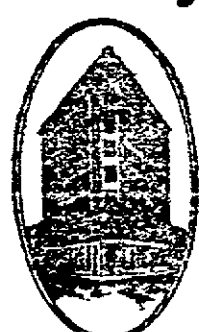

BROOMS ARE STOLEN FROM BLIND VENDOR

Four brooms were stolen today from William Crossfield, a blind seller of brooms. Crossfield, who lives at 1817 Kalua avenue, Berkeley, was in a house at Fifty-first and Bond streets, selling some brooms, and had left a bundle of brooms near the gate. When he returned the brooms were gone. They were valued at \$2.15. The Western Pacific Police, at Fruitvale avenue, was entered last night by a burglar who used a pass-key and stole \$2.65 in coin, a pair of shoes and new socks. The report was made to the police by James Stacey, 4971 Fairfax avenue.

BOYS CHARGED WITH ARSON.
Elmer Lutz, Fred Vera and R. C. Laumer, three West Oakland youths, who are charged with arson, pleaded guilty today and had their cases referred to the probation office. A report will be made December 1. In the meantime the defendants will remain in the county jail.

LABOR TROUBLES SPEEDILY ENDED

W. A. Foreman of Foreman & Clark, Makes Record in Adjusting Boycott.

For speed in adjusting labor troubles that have been hanging fire for a goodly number of months, W. A. Foreman of the firm of Foreman & Clark has the right to claim a prize record. Accompanied by his advertising manager, Foreman arrived from the south yesterday morning, met William A. Spooner, business representative of the Central Labor Council of Alameda county, and the representatives of both the Journeymen Tailors' Union and the Retail Clerks' Union at Foreman & Clark's store, corner Twelfth and Washington streets, and within three minutes all present had attached their signatures to agreements which wiped out the boycott against these clothing merchants which had been in force ever since they opened their second-floor store, a little over a year ago.

The advent of Foreman & Clark into Oakland, in October, 1912, created quite a stir in local commercial circles, as it was a well-known fact that Oakland had been decided on by these enterprising clothiers for the opening of an additional store after conditions in many other Pacific Coast cities had been carefully investigated. Notwithstanding the fact that this was the first institution of any notable magnitude in the retail district to open its store on the second floor, and notwithstanding the fact that their particular line of one-price business was new to Oakland, Foreman & Clark scored an instantaneous and continued success. The one unpleasant condition surrounding all this was the fact that they found themselves unable to sign up with the local labor unions interested, and agreements as both were willing to sign because of the fact that they were in other California cities where Foreman & Clark operate stores entered an objection.

ACCEPT AGREEMENTS.
Three days ago this objection on the part of the union officials in the south was wiped out, at the same time with the signing of the agreement from Foreman & Clark of the identical agreement which these clothing merchants had offered to sign about two years ago. When Foreman arrived in Oakland, therefore, the physical act of signing the papers was all there was to what is ordinarily a long and drawn-out conference. No question of hours or wages or other conditions came up for argument, as Foreman & Clark have always, in all of their stores, paid higher wages than union schedules call for, and their employees were under conditions and on a basis which have been universally approved by all authorities and officials of the labor world.

The presence of the advertising manager of Foreman & Clark at this particular time indicates that with the signing of this agreement with the unions the second era of Foreman & Clark's activity is about to start, and plans are already being made for the vigorous enlargement and broadening of the local business policy of these, the original upstarts clothing merchants of America, the fact that the two men comprising the firm started only five years and four months ago with \$710 in cash between them, and that they are today in their four big California stores, doing about a million and a half dollars' worth of annual business, proves better than any other argument how thoroughly well-planned have been their campaigns, and on what a solid foundation of business integrity it has been built.

PROPHECY PEACE
IN LEGISLATURE

Berkeley Assemblyman - Elect
Announces Candidacy for
Speakership.

Predicting that the first Legislature will have "one of the most peaceful and harmonious sessions in the history of the state," C. C. Young of Berkeley, speaker of the Assembly in the last session, and re-elected for the Forty-first district, has announced his candidacy for speaker again, declaring that he will place his claims on a non-partisan basis.

"Now is the time to start," he said, "if there is ever going to be non-partisanship in state offices we cannot delay the problem."

Former Speaker Young pointed out that while the Republicans had returned 34 members to the lower house, that 8 of them had been endorsed by the Progressives. There were 27 Progressives elected, 18 Democrats and 1 Socialist.

"It looks as if the Republicans and Democrats will support Governor Johnson," said Young, "and for this reason I believe that the Forty-first session will be one of the most peaceful and harmonious in the history of the state."

Against Young and his claims for the speakership will be Milton Schmitt of San Francisco, Republican and the predictions are that the member from the Forty-first will have a hard time swinging the Republicans into line.

In the meantime there are many aspirants for the position in state offices that will be left vacant the first of the year, when John E. Lehman, lieutenant-governor-elect, will leave the head of the Railroad Commission. Also there are candidates for the job of State Printer.

Left vacant by Friend W. Richardson being elected treasurer. The foremost candidates are Frank J. Smith of San Francisco, who was foreman of the State Printing Office when it was being put on an efficiency basis, and Editor E. H. Hovey of the "San Francisco Progress." Smith is supported by the labor interests, by Richardson, under whom he was found so efficient, and by the California Outlook, organ of the Progressive party.

QUERCULIANS ASSIST SCHOOL ENTERTAINERS
The Quercull Club was represented at an entertainment given under the auspices of the Parents and Teachers Association of Bay School at Kinkner hall on November 6 by its orchestra and by a number of members, who presented a variety of songs and plays.

Charles Jensen, also of the club, scored a hit in his Italian character song, "Alfred Soliman," another member, gave a solo. The semi-annual election of officers will be held at the next meeting.

REPUTATION DEFAMED, YOUNG WOMAN ALLEGES
Sent for \$25,000 for alleged defamation of character has been filed in the superior court by Miss Martha D. Henderson against Harold W. Nielsen, an employee of a towel supply company. Plaintiff alleges that the defendant told false stories about her to mutual friends.

DOGS DIG GINSENG.
JERSEYVILLE, Ill., Nov. 10.—In the bottom lands along the Illinois river, where the wild ginseng grows, the hunters of the medicinal plant have dogs trained to search for it. The first to employ the services of a dog was one of the most valuable of the herbs that grow in the woods. The roots are used by the Chinese, who employ it in the treatment of many ailments. Ginseng is also in great demand in our own country, for medicinal use, and is one of the most costly of all the roots employed in the druggist's laboratory.

OAKLAND'S BOYS & GIRLS

BASEBALL LEADS AS
PLAYGROUND PASTIME

During the last month baseball was the leading sport in the Oakland playgrounds for the boys, while tennis and German basketball were the popular outdoor pastimes for the girls. There were 3219 games of baseball, 1813 basketball games and 1505 football games enjoyed in October. The total attendance in twenty-four park and school playgrounds was 126,315, while the average daily attendance was 4953.

In all the park playgrounds girls' athletic clubs have been formed and the organizations have been divided into two groups, one for girls between the ages of 9 and 11 years, while the other ranged from 12 to 15 years.

Each club has its team and contests are conducted under the leadership of the playground supervisors.

Club members of the various teams are taking part in the relay races, which are frequently conducted in the local playgrounds. They also engage in "baseball" relays, "all up" relays, "baseball throw" for distance and "shuttle" relay.

The groups have also tramped on long journeys over the hills, while they covered not less than two miles. They were cheered by the playground directors.

Next spring and during the summer many outdoor hikes will be planned.

ST. ANDREW'S SOCIETY HONORS ROBT. DALZIEL
Saturday evening a surprise party was given by St. Andrew's Society to Robert Dalziel Jr. at the home of his son, Robert Dalziel Jr., 1905 Fifth avenue, to celebrate his seventh birthday.

The society president, J. A. C. Macdonald, was toastmaster. Macdonald, as one of Dalziel's oldest friends, briefly stated the object of the gathering and paid tribute to the guest's integrity of character and standing as a citizen and a business man during his long residence in Oakland.

Andrew Dalziel sketched the life history of his father.

James P. Taylor, Alexander Ballingall, Robert Howden, Hugh Forgie, Dr. A. K. Crawford, Past President Baird and others paid tribute to the guest.

ASSAULTED AND ROBBED.
SAN FRANCISCO, Nov. 10.—Set upon by a gang of robbers and stripped of his few valuables Manuel Riviera, a sailor on the steamer Atlantic, received injuries which may cause his death. Riviera was walking toward Pier 25 early this morning when a crowd of toughs assailed him. He was beaten down and as he lay unconscious his watch, \$20 in coin, and his pin and cuff links were taken from him. He managed to make way to his ship, where in a moment of consciousness he told his story. After being removed to the harbor hospital symptoms of a fractured skull developed and his recovery is very doubtful.

Maloney and Baron were detailed on the case at 2 o'clock this morning and hope to round up the culprits.

HAWAIIAN NIGHT DANCE.
The Tofuours Gale Assemblies will give its third dancant of the season at the Home Club on Friday evening, November 13. "A Hawaiian Night" is what members and guests will enjoy. The music is to be furnished by the Hawaiian Glee Club, which will render specialties between dances. Earl Studley leads the committee, and patronesses are Mrs. O. B. Caldwell, Mrs. G. H. Messer, Mrs. H. G. Fredericks, Mrs. C. P. Hayes, Mrs. P. Johnson, Mrs. W. B. Rue, Mrs. F. R. Cauch, Mrs. W. H. Studley, Mrs. J. Morehouse.

In most cases the usual preliminaries could be abolished.

Music in Schools
Teach Vocalism

FRANCES KERKRITZ.
—McCullagh photo.

In the schools of Berkeley as well as in Oakland, the boys and girls are becoming interested in choral work. Throughout the county the choral societies established in the grammar schools.

The supervisors have already commenced to train the children in the vocal branches of study. Instrumental music is also being studied and the little folk are cultivating an appreciation of classical music.

Frances Kerkritz, a pupil in the third grade of the Whittier school of Berkeley, is devoting her leisure hours to study of the piano. She is also a graceful dancer and belongs to a coterie of talented pupils of the Whittier school.

GALLOWAY OR CHAIR.
HUGO, Okla., Nov. 10.—Passing sentence of death upon John Beckton, convicted of the murder of Sean Pool, District Judge Hardy apparently disregarded the statute that provides electrocution in capital punishment cases and ordered Beckton to be hanged November 22.

Makes Stubborn Coughs Vanish in a Hurry
Surprisingly Good Cough Syrup
Easily and Cheaply
Made at Home

If some one in your family has an obstinate cough or a bad throat or chest cold that has been hanging on and refuses to yield to treatment, get from any drug store 2 1/2 ounces of Pinex and make it into a pint of cough syrup, and watch that cough vanish.

Four of the 2 1/2 ounces of Pinex (50 cents worth) into a pint of water, add the bottle with plain granulated sugar syrup. The total cost is about 54 cents, and gives you a full pint—a family saving of \$2. A day's use will usually overcome a hard cough. Easily prepared in 5 minutes—full directions with Pinex. Keeps perfectly and has a pleasant taste. Children like it.

It's really remarkable how promptly and easily it breaks the fever, eases or tightens the chest and breaks the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. A splendid remedy for bronchitis, whooping cough, bronchial asthma and whooping.

Pinex is a chemical and highly concentrated compound of some of the most pure and strongest, such as quinine, which is so healing to the most stubborn.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex," and do not accept anything else. A guarantee of absolute satisfaction goes with this Pinex. Your money promptly refunded.

The Pinex Co., 24 Wayne, Ind.

BIG GAME REFEREE PICKED TONIGHT CANFIELD'S INJURY DISTURBS U. C.

CHAMPION WELSH HELD TO DRAW BY CHARLEY WHITE

Sturdy Chicagoan Draws the
Blood From Englishman
and Forces Scrap.

MILWAUKEE, Wis., Nov. 10.—Freddie Welsh, lightweight champion of the world, was held to a draw in a freely fought battle with Charley White, the law-abiding Englishman, tonight.

White opened up a wound under the champion's left eye, and Welsh, partially blinded by a thin stream of blood, was forced to back away and cover up to escape White's terrific rights and lefts to the head.

The first round was even, White having the advantage of the second, and third. The champion outboxed the Chicago boy in the fourth, fifth and sixth, and the seventh was declared even. Welsh had the shade in the eighth, but the honors in the ninth and tenth went to the Chicago boy.

In the tenth, White peppered the elusive Briton with vicious right and left-hand blows to the head and forced him to break ground.

White left the ring unmarked, while Welsh was bleeding profusely from the cut over the eye.

The results of last night's contest between Welsh and White were \$24,000, it was announced today.

HEINE WAS GREATLY DISAPPOINTED

Christie Mathewson took Heinie Zimmerman over to the Van Cortlandt Club links a few days ago to teach the big slugger the great and ancient game of golf.

"You see, the object of this game is to hit the ball into the little hole by that flag you can just see over the hill," Heinie said.

"Heinie," who can hit a baseball farther than any man in the major leagues, whistled the ball off the tee and over the hole toward the hole.

As he walked up on the green he found his ball was lying within about a foot of the hole. He looked at it a minute and then said:

"By gosh, I missed it."

Cardinals in Superb Condition Stanford Is Eager for Saturday

Here are three men who figure to get in the game next Saturday and make themselves heard from. They are: (Upper left) FULLBACK HEINIE ANDREWS, (Upper right) FRANK REEVES, wing, (Lower right) "RICK" TEMPLETON, clever sub-full-back.

ALL-STAR HIGH SCHOOL RUGBY TEAM IS PICKED Berkeley Gets Eight Places and Oakland Five

Since Berkeley has won the county championship for the last two years, it is about time to pick an all-star aggregation based on the showing of the players in the league games played by Berkeley, Alameda, Alameda, Fremont and "Poly" are very outspoken about showing their appreciation of the playing of certain players on their respective teams and so it is a team picked by one follower from each school that will tend to stir up such a team, Lloyd, Sutherland, front-ranker; C. Johnson, "Tex" Thomson, "Fat" Muldoon, "Toughy" Crow, McKee, Stephens and "Put" Davis.

"Poly" candidates are few, and with the exception of Herb Garcia, a five-eighth man, none of this year's "Poly" players have shown enough class to figure them places on a picked team. "Fat" Howell and Millicent of Oakland are two front-rankers that are certain of places on the team as leading men of their type are hard to be found.

Herb Murray's all-around playing will entitle him to a place on any prep team, not only in this state, but in the country, and the university that gets this student will never be sorry. "Chubby" Gimball at half, Ray Fowler at inside five or at a wing, and a possibility of Johnny Blackin, a breakaway position, are Oakland's selections.

Otto Rittler's team boasts of few stars. In fact, Otto depends more on team work than he does on individual playing, and with the exception of Von Schmidt and "Red" Mohan, a forward, the team has not shown enough ability and all-around playing to beat out the rest of the stars picked from other teams. Day, Belknap and Price of Fremont, together with Garcia of Poly, round out the selections.

Now, to pick the players for their positions. With this nucleus of players, there are ten forwards, and figuring on Art Johnson, whose injury kept him out of the game, there are eleven backfield men.

Howell, Millicent and Sutherland will make a nifty trio for a 2-3 back. "Poly" and Millicent are from Oakland, and they are known as the two best fighting prep school hoovers in the state. Sutherland's speed and shiftness can

OAKLAND FANS TO SEE NEW BOXING LAW ON TRIAL

Wheelmen's Club Ready With
20 Youngsters for To-morrow Night.

(By THE TIMEKEEPER)

The first boxing card to come within the provisions of the new state law, tomorrow evening, beginning at 8:30, when the fight between all states, phases and nations will be on, gives away their feet in the ring box and set all for each other at the top of the score.

The participants in tomorrow's fight card are all amateurs. They will be given handsome silver medals and will have only three rounds, one less than the limit number prescribed by the new law.

Judging from what we have seen of the short round bouts across the city and conducted by the Wheelmen's club, three or four rounds are ample for determining the superiority of one or other of the boxers.

Knowing that they have much more to show in the short round bouts at top speed from start to finish and 50 per cent of the bouts are knockouts. A big crowd is expected tomorrow night.

The three feature bouts will bring together "Wile E. Coyote" Guy Smith's champion, and "Alvin" Sandoz, the former champion of the state, and "Tom" McCarty, a former champion of the state, and "George" H. H. and Kid Cohn. There will be seven other bouts of a whirlwind nature.

The expected has happened with regard to Harry Wells, the big smokestack who is suffering from a plentiful supply of punches and a broken nose.

Meanwhile, Mike Gibbons is not coming to the coast and Charlie Burns is not coming to the coast.

Friday evening Murray and Petrovsky will get together for one of those old-fashioned boxing battles with science and strength and courage.

The men are ideally matched in point of ability to handle the punches and San Francisco fans expect to see a furious battle.

Petrovsky is over at Shannon's quarters in San Rafael and he is being handled by his old trainer, Harry Burns.

He has conditioned him for the fight, and during the last year, the sailor is in great shape and yesterday morning, after coming off the coast, he was in the scales and tipped the beam at 145 pounds.

Murray, who is located at Millitt's training quarters in San Mateo, boxed his last fight on the coast and was victorious, going three rounds with each of them.

Jimmy Clabby, who is now recognized as the middleweight champion, is at Millitt's and he is giving Murray advice and assistance.

Joe Azevedo got in today from Sacramento and will start his training at once for his bout with Frankie Burns. Azevedo will be 60 years old this week.

It is said that White trounced Freddie Welsh and had him in ten rounds. That White is a corker, alright, but some day I'm going to go back at him and get my revenge, say I don't. I think the public would take all consideration the fact that I am still only a youngster and that the only two boxers who have really defeated me are White and Dunder, and both of these men have outboxed Ritchie, who is in the prime of life.

"I figure that I am just starting out now, and I'm going to make Frankie Burns the first stepping stone."

Edie Miller and Willie Fitzsimmons have been matched for a four-round special event to be held in the Burns-Azevedo scrap.

They will make 125 pounds. Fitzsimmons was made 125 pounds in the first of December and expects to make 600 in the ten-round game there.

PLEASANTON MARE BREAKS RECORD PHOENIX, Ariz., Nov. 10.—Max Mack, owned by R. J. Mack, and driven by Charles J. Mack, broke the record for the 200 ft. in 10 seconds at the Phoenix track.

The mare broke the three bars in 10 seconds, 200 ft. and 200 ft. a remarkable feat. Star Winter was second and Alabama third.

DIAMOND DUST Wilson, the youngster who covered for St. Mary's when Willie Ward was injured, is a son of Park Wilson, former manager of the Seals. He is a lively-looking first baseman.

CHRISTIE'S COMMANDMENTS WHICH U. C. RUGGERS FOLLOW

WALTER CHRISTIE.

How Walter Christie, veteran trainer for the last fourteen years, turns out champion Blue and Gold teams. This list was especially compiled by Mr. Christie for THE OAKLAND TRIBUNE.

- WHAT TO EAT.
- 1—Beef, boiled or roasted.
 - 2—Baked or mashed potatoes.
 - 3—Sweet potatoes (occasionally).
 - 4—Eggs (soft boiled and poached).
 - 5—Fish (occasionally).
 - 6—Chicken (Sundays).
 - 7—Dry toast and old bread. Avoid hot bread.
 - 8—Plenty of butter on toast and bread.
 - 9—Olive oil.
 - 10—Plenty of vegetables.
 - 11—Desserts, such as tapioca, bread, ice cream, egg and rice puddings.
 - 12—Fruit often.
 - 13—Meat at least once a day; not more than twice.
 - 14—Candy immediately after meals; never before or between meals.
 - 15—Apple sauce and all fruits except bananas.
 - 16—Above all, don't overeat and don't eat anything but good food.

Use common horse sense, as you, and not the trainer, know what is best for your own self and constitution, as fat and lean persons cannot eat under the same rules.

Here it is:

- 1—Rising up after 10:30 o'clock during the week and 11:30 on Saturdays.
- 2—Eating between meals.
- 3—Fasting pastry, such as pies, griddle-cakes and other rich cakes.
- 4—Eating fibrous vegetables (cabbage, celery, asparagus).
- 5—Eating of the sweats.
- 6—Drinking tea or coffee more than once a day.
- 7—Using tobacco, liquor or stimulants of any form.
- 8—Rooming with a person who insists on smoking in your room.

The Berkeley Y. M. C. A. 145-pound team is out for the E. A. championship this year and expects to give all contestants a good, strong fight.

Among the men trying out are several good, hard-fighting fellows. In addition to the men who played on the team last year are Slusser and "Cotton" Anderson, former stars of the Oakland team, also Day, forward of the Swastikas, and "Har" Symes of Berkeley High.

With these men and last year's team they should be strong contenders. The team is wanting good, hard games with all high-pound and unlimited teams. For games write to Y. Sander, manager, 2022 Francisco street, Berkeley.

The St. Ambrose fire of Berkeley opened up the season by defeating the Holy Name Sodality of Vallejo in a rugged game by the score of 18 to 15. The St. Ambrose boys showed no stage did it look like they were in any danger. Referee Bell awarded the game to the Ambrose boys as they had one tauter more to play when a dispute arose.

St. Ambrose basketball team would like to hear from teams around the bay country games preferred. Address L. R. Donato, 211 Bristol st., Berkeley, Cal.

Cogswell High quintet of San Francisco plays the Holy Name Sodality at Vallejo Saturday evening.

The All-Vallejo were defeated at Vacaville last Saturday evening, 22-21.

GIBBONS WINS EASILY. NEW YORK, Nov. 10.—Mike Gibbons of St. Paul easily defeated "Young Mike" Donovan of this city in a ten-round match at Madison Square Garden, the referee stopping the contest in the sixth round to prevent a knockout.

"Kid" Lewis, the English lightweight, defeated Phil Bloom of Brooklyn in ten rounds.

Corrigan, besides doing extra stunts in the ring, also acted as a team doctor and disappeared. Red Lynch went to look for him and a fly dropped safe-guards before a 10-10 draw.

Major Leaguers Have Fun in Double Victory

The Major league tourists took an afternoon off yesterday and today and two exciting semi-professional games. The All-Nationals defeated a team of St. Mary's College alumni 6-3, and afterwards the All-Americans won from the Olympic club All-Stars 6-7 in a seven-inning contest. The major league merely played with L.A. opponents. The scores:

All-Americans 6 12 10
Olympic 6 7 10
St. Mary's 3 6 3
Batteries—Vaughn, Carey and Clarke Oeschger and Romper

All-Americans 6 12 10
Olympic 6 7 10
St. Mary's 3 6 3
Batteries—Vaughn, Carey and Clarke Oeschger and Romper

Corrigan, besides doing extra stunts in the ring, also acted as a team doctor and disappeared. Red Lynch went to look for him and a fly dropped safe-guards before a 10-10 draw.

RUGBY GOSSIP

The recent injury of Cliff Canfield has caused great anxiety at California. Canfield sprained his ankle in a practice game last Thursday, but an examination of the injured part showed that a ligament has been torn, making his chances of appearance in the big game look very slim.

Schaeffer is preparing himself for such an emergency and he has called out Matt Hartline and Archie Hunt, both last year veterans for special practice, after excusing the rest of the squad. Canfield's non-appearance will hurt the U. C. boys, but he was the best of all the backfield men on the varsity.

His speed and shiftness has enabled him to pull the best out of the fire on many occasions, but the greatest effect of all will be in the breaking up of the team-work that Canfield has helped develop.

Handling centers, many spring "Mike" Burns, Tabe Macie Vias and the Stater boys, were his teammates. "Fat" Muldoon has no one to compete against him for the lock position, as this position on the other teams, has been badly neglected.

Herb Murray is the right man for the other position, and this leaves Belknap and Johnny Black on the outside.

The hardest position to pick is the half place. Crow of Berkeley has been playing like a veteran and the success of the Berkeley backfield is due to his playing in a large way. Gimball, however, is the more experienced, and although both would do justice to this position, "Chubby" has the shade. Von Schmidt of Alameda, McKee of Berkeley, Art Johnson of Berkeley, Garcia of Poly, Fowler of Oakland, Stephens of Berkeley and Price of Fremont are the players who are all factors for the five backfield positions, not including the full post.

Of the seven, Art Johnson, Fowler, Stephens and Von Schmidt are sure things, and these are left, Garcia, McKee and Price for the remaining position. Von Schmidt at inside five, Art Johnson at second five and Ray Fowler and Stephens on the wings, leaves the picking of a capable center to the coaches. Garcia being on any other team but Poly, would have brought out his ability more clearly, and it would be like to know how far his stuff would be boosted if he, like McKee, had such a bunch as the Berkeley team playing around him. As for Price, he also has much to offer, but he is a center, and as such, he is to be selected on what the players have done, and not what they can do. McKee must be the first choice. "Put" Davis is a pinch at full, as he has far outdone the rest of the full backs around the bay.

With such capable substitutes as Price, Black, Crow, Garcia and Belknap, the lineup would look like this:

Front Rank—Howell (O.), Millicent (O.), Sutherland (B.).

Middle Row—Thomson (B.), Day (F.), Lock-Muldoon (B.).

Breakaway—C. Johnson (B.), Murray (O.).

Full—Gimball (O.).

Fives—Von Schmidt (A.), A. Johnson (B.).

Quarters—McKee (B.), Stephens (B.), Fowler (O.).

Full—Davis (B.).

Base Ball Dope

To hit the first ball or to wait for a walk—that is the question that causes all kinds of discussion in baseball. Does it pay to discuss in baseball? Does it pay to wait? The Portland pennant winners of 1914 drew what has been called the best team in the league, but it might also be added that Portland pitchers issued fewer walks than any other club. Los Angeles drew 618 free passes during the year, more than were drawn by any other club, and Los Angeles pitchers issued 641 walks, more than were issued by pitchers of any other club. Venice was the only other club to draw more than 600 walks for the year. Venetians working opposing pitchers for 613 passes.

Yenice drew 173 walks from Los Angeles pitchers, more than any other club drew from any one club. Following table shows walks drawn by each club from pitchers of opposing clubs. Reading across shows walks drawn by each club; reading down shows walks issued by pitchers of each club.

and his run of 8 last night are both top notch performances for the series.

The second game of the third round is on this evening, when B. Larriss plays 22 to 15 by A. White.

BILLIARD NOTES

L. G. Kesseling once more proved the giant killer of the tournament at Wright's Billiard Palace last evening.

He defeated John Rogers, who played 21 to his 16 points, the game going to 65 innings.

The veteran looked a winner at one stage when he put in a run of 8, raising his score to 13 when Kesseling was 7. He could only get five singles after that, the final score being 17 to 14.

This being the second game lost by Rogers, he is out of the final, but his average of one made in the second round

The Favorite of Your Favorite

TEN chances to one, your favorite ball player smokes Tuxedo. We have scores of testimonials from the crack men of the crack nines all over the country, saying that they enjoy Tuxedo and recommending it to you.

Also—look around you the next time you pick out that soft seat in the bleachers or grandstand and see how many of your neighbors are packing their pipes with Tuxedo or rolling it into cigarettes.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo is in a class by itself. It has many imitators—but in the pipe it has no equal. It is made of the best selected Burley Tobacco, the finest that Kentucky grows, ripened, cured and aged until it has reached the tip-top of mildness, mellowness and sweetness. Then it is treated by the original "Tuxedo Process" which takes out all the sting so it cannot possibly bite—even if you should smoke it all day long.

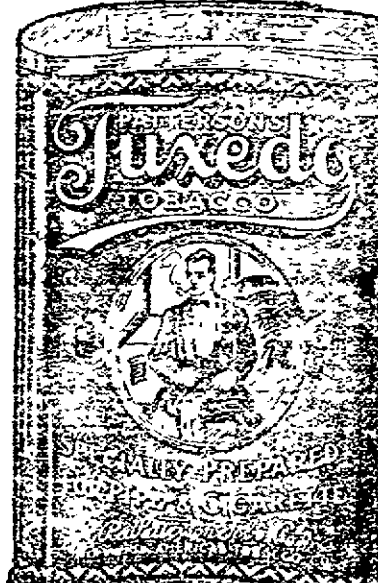

You simply cannot buy better tobacco at any price. Try Tuxedo today. You will see why these men are so fond of it.

INTERPRETS LIQUOR LAW DRAWS FINE DISTINCTION

BERKELEY, Nov. 10.—In the opinion of Judge Edgar you cannot give a person liquor which he has already bought and paid for. This fine point was presented to the local justice for decision yesterday after Domenico Cianciarulo, 21, and Francis Hansen, 19, had been arrested. Both reside in this city and both were more or less tipsy when taken into custody.

The police discovered upon questioning that Cianciarulo, with money given him for the purpose by Hansen, had gone to Oakland, purchased a dozen bottles of beer, and, returning, given half of them to Hansen and kept the others, with the result aforementioned. In the police eye this constituted, on Cianciarulo's part, a violation of the State law by giving liquor to a minor.

Judge Edgar decided differently, reducing Cianciarulo's charge to drunkenness and his bail from \$500 to \$10, then postponing judgment.

SAN FRANCISCO, Nov. 10.—Another step for the protection of visitors to the Panama-Pacific Exposition was taken yesterday when hotel men representing four different hotel associations unanimously adopted the following resolutions: "Resolved, that any hotel, restaurant, or taxicab company which practices or permits extortion, or abuse of Exposition visitors is a menace to the interests and a danger to the reputation and credit of San Francisco and California."

**A Message
To Women****Those of Middle Age Especially.**

When you have found no remedy for the horrors that oppress you during change of life, when through the long hours of the day it seems as though your back would break, when your head aches constantly, you are nervous, depressed and suffer from those dreadful bearing down pains, don't forget that Lydia E. Pinkham's Vegetable Compound is the safest and surest remedy, and has carried hundreds of women safely through this critical period.

Read what these three women say:

From Mrs. Hornung, Buffalo, N. Y.

BUFFALO, N. Y.—"I am writing to let you know how much your medicine has done for me. I failed terribly during the last winter and summer and every one remarked about my appearance. I suffered from a female trouble and always had pains in my back, no appetite and at times was very weak."

"I was visiting at a friend's house one day and she thought I needed Lydia E. Pinkham's Vegetable Compound. I took it and have gained eight pounds, have a good appetite and am feeling better every day. Everybody is asking me what I am doing and I recommend Lydia E. Pinkham's Vegetable Compound. You may publish this letter if you wish and I hope others who have the same complaint will see it and get health from your medicine as I did."—Mrs. A. HORNUNG, 91 Stanton St., Buffalo, N. Y.

Was a Blessing To This Woman.

So. RICHMOND, VA.—"I was troubled with a bearing down pain and a female weakness and could not stand long on my feet. Of all the medicines I took nothing helped me like Lydia E. Pinkham's Vegetable Compound. I am now regular and am getting along fine. I cannot praise the Compound too much. It has been a blessing to me and I hope it will be to other women."—Mrs. D. TYLER, 23 West Clopton St., South Richmond, Va.

Pains in Side, Could Hardly Stand.

Lodi, Wis.—"I was in a bad condition, suffering from a female trouble, and I had such pains in my sides I could hardly move. Before I had taken the whole of one bottle of Lydia E. Pinkham's Vegetable Compound I felt better, and now I am well and can do a good day's work. I tell everybody what your medicine has done for me."—Mrs. John Thompson, Lodi, Wisconsin.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

**EDUCATOR TALKS
ON EFFICIENCY****Business College Opened New
Institute Last
Night.**

An efficiency institute was opened last evening at the Polytechnic Business College with addresses by E. Harvey Hadlock, Ph. D., president of the American Education Association, and Warren H. Hutton, president of the Society of Applied Psychology.

In speaking on "Efficiency in California Industries," Dr. Hadlock said, in part: "Efficiency is the watchword of the hour. We are interested in efficiency because it is the only reliable road leading directly to success. We are interested in efficiency in California industries because we are interested in the prosperity of California and in the well-being of all its citizens."

To promote this welfare and prosperity the California Home Industry League was formed. It works for the interest of all and confines its operations to no particular section of the state. Its aim is to encourage the manufacturing and consuming of California products of all kinds.

We realize that the general prosperity of the state can best be advanced by promoting efficiency in each industry and individual business. We are also aware of the fact that every industry and business will be more successful when the efficiency of everyone connected with those enterprises is increased to the highest degree. Moreover, the success and happiness of every individual will be greatest when that individual is leading the most efficient life; when he is creating most and increasing his individual wealth.

The Californian must have a fair chance to compete with foreign industries and products. Our highest interests demand that home products shall have the preference every time when price and quality are equal.

Californians are now sending out of the state every year one hundred million dollars in goods that could be kept at home. From an efficiency viewpoint the consumption of home product is the only rational procedure. It is entirely foreign to the principles of efficiency to send one hundred million dollars out of the state for products that might be secured in California.

To illustrate, let us take a common article used to preserve and beautify the houses in which we live. The largest paint factory west of the Mississippi river is situated here on the bay of San Francisco. I refer to the factory of the San Francisco Paint Company, Inc., 1015 Market street. Here the best qualities of white lead, paints, oils and varnishes are produced.

Another industry illustrating the principles of efficiency is the making of optical lenses. Some of the best optical lenses produced anywhere in the world are manufactured in the factory of the United States Optical Company, whose headquarters are here in Oakland.

HUMAN EFFICIENCY.
Iron made by a new process employing electricity is now used in the manufacture of the Royal Wedgwood stoves at the factory of the James Graham Manufacturing Company of Newark, Cal.

The most effective form of efficiency is mental efficiency. It is the basis of all intelligent operations. The principles on which the greatest success has been won have been mental principles.

A society has been formed to advance the cause of human efficiency through the study of the sciences of psychology, physiology, and the study of Applied Psychology, which is chartered by the United States, with its executive offices in San Francisco.

Hutton's subject was "Psychology, Achievement," and his address was both scholarly and practical. Among other things he said of the nineteenth century: "The age is now at hand that shall harness the energies of the mind, new-found in the psychological laboratory and shall put them at the service of humanity."

The Society of Applied Psychology was organized for the purpose of making this great body of psychological knowledge useful in the affairs of everyday life. In this work the most brilliant scholastic minds in the world have co-operated with the most successful men of affairs and the most eminent and successful characters of the Society of Applied Psychology has evolved a new and exact science of the mind.

Its special mission is to formulate exact and dependable principles by which every man, whatever his line of work, may be certain of achieving the highest measure of success justified by his native abilities.

**LODI GRAPE GROWERS
HAVE BANNER YEAR**

LODI, Nov. 10.—More than a million and a half dollars have been paid the growers of Lodi district for grapes during the past three months. This money has been divided among the growers of a section within a radius of ten miles, taking Lodi as the center of the circle.

Prices throughout the season have been quite satisfactory during the greater part of the shipping season, and the growers have all made money on the crops, except for a few cars of grapes that were shipped immediately after the first rain, and which arrived in the Eastern markets in poor condition.

**CONFER WITH DANIELS
ON OREGON'S 1915 TRIP**

VALLEJO, Nov. 10.—President Adam Gill of the battleship Oregon Veterans' Association has received a letter from Secretary of the Navy Daniels arranging for an interview, which will be held in Washington, D. C., on Tuesday, December 1, at 10 o'clock.

Gill is greatly interested in the idea of having all of the former Oregon Veterans make a trip to the Pacific coast to see the battleship Oregon in 1915. Gill will leave for the East during the week, and will take with him all the data pertaining to the proposed trip of the Oregon, so that he can explain every detail to the head of the Navy Department.

COLLIER SATURN ARRIVES.
MARE ISLAND, Nov. 10.—The navy collier Saturn arrived off the Mare Island light Monday morning, and will remain here until room can be made at the quay wall, so that she can discharge a quantity of freight at the local naval depot.

INSPECTS BENICIA ARSENAL.
VALLEJO, Nov. 10.—Congressman Charles F. Curry arrived in Vallejo late Sunday afternoon from Benicia, where he spent several hours inspecting the Benicia Arsenal in company with a number of prominent business men of the tannery town.

**FAIR TO OPEN ON
TIME, SAYS MOORE****Letter to the Governors of All
States in Union Removes
All Doubt.**

SAN FRANCISCO, Nov. 10.—Charles C. Moore, president of the Panama-Pacific International Exposition yesterday sent a telegram to the governors of all the states and to the mayors of important cities, which, in its survey of the Exposition situation, will remove all doubt in the minds of its readers as to the Exposition opening on time; also as to the effect of the European war. The message follows:

95 PER CENT COMPLETE.
Notwithstanding the fact that the Panama-Pacific International Exposition is ninety-five per cent completed; that our exhibit space is overflowing; that participation arrangements by the states of the nation are the greatest ever known in exposition history; that notwithstanding the European war we shall still have with us as active participants as many foreign nations as have ever been represented at any exposition; and notwithstanding the fact that all transportation experts agree that the war will actually increase attendance in 1915, rumors are rife in your state that the Exposition because of the war will be postponed.

These rumors are utterly without foundation. Our loss in exhibits by nations at war will be negligible. The standing of the Exposition as a factor in the economic situation resulting from war and as a factor in obtaining new markets by American producers is being realized by the largest and most important nations in this country and from the commercial side the Exposition becomes more important than ever.

The honor and prestige of every state and of every city in the nation and the pride of every American citizen are involved in the success of this great national celebration of the completion of the Panama canal.

"SILENCE THESE RUMORS." The mentioned consideration justify me in asking you to lend your vigorous assistance in our effort to silence these rumors by publishing the facts. The Exposition will be open on schedule time, February 20, 1915.

It will be 100 per cent completed when opened. It is sure to bring the greatest and most important in history and promises today regardless of the war to be a commercial influence beyond all precedent.

Will not you as an American citizen and as one directly interested in the success of this enterprise take active measures to assure the public as above?

**YIELD OF U. S. CROPS 2.3
PER CENT ABOVE AVERAGE**

WASHINGTON, Nov. 10.—Yield of all crops in the United States in 1914 was 102.3 per cent, or 2.3 per cent above average, according to statistics announced today by the Department of Agriculture.

The average of yields by states follows: Vermont, 113.4; New Hampshire, 112.8; Rhode Island, 112.1; Massachusetts, 112.3; New York, 110.7; New Jersey, 109.9; Pennsylvania, 105.5; Delaware, 109.2; Maryland, 112.9; Virginia, 87.9; West Virginia, 84.7; North Carolina, 105.1; South Carolina, 102.7; Georgia, 111.2; Florida, 107.1; Michigan, 109.1; Indiana, 92.7; Illinois, 107.1; Wisconsin, 104.9; Minnesota, 94.7; Iowa, 104.9; Missouri, 94.6; North Dakota, 88.5; South Dakota, 93.0; Nebraska, 102.3; Kansas, 122.2; Kentucky, 101.9; Tennessee, 98.5; Alabama, 110.1; Mississippi, 103.1; Louisiana, 104.7; Texas, 102.7; Oklahoma, 105.6; Arkansas, 96.9; Montana, 90.2; Wyoming, 97.9; Colorado, 106.6; New Mexico, 110.0; Arizona, 97.9; Utah, 100.2; Nevada, 115.6; Idaho, 85.4; Washington, 101.4; Oregon, 95.0; California, 109.8.

**IMMIGRATION GREATLY
DECREASED; WAR CAUSE**

WASHINGTON, Nov. 10.—War's continued effect on American immigration—a decrease of 77 per cent at Atlantic ports and 75 per cent for the entire country in October—was shown today in an analysis of the Department of Labor, Aliens arriving at Atlantic ports and Canada from August 1 to November 7 last numbered 97,458 compared with 421,584 for the same period last year. The number of arrivals at those ports on November 7 was 749 compared with 2,020 on the same day last year.

The total number of immigrants arriving at all ports from August 1 to November 7, 1914, was 1,354,744 compared with 4,594,491 for the corresponding period of 1913.

**Dr. Osler on
Tuberculosis**

Sir William Osler, one of the foremost of living medical men, formerly of Johns Hopkins, Baltimore, now Regius Professor of medicine at Oxford, says in his "Practice of Medicine" (1892), on page 214:

"The healing of pulmonary tuberculosis is shown clinically by the recovery of patients in whose sputa elastic tissue and bacilli have been found. In the granulation products and associated pneumonia a scar tissue formed, while the smaller cancerous areas become impregnated with lime salts. To such conditions alone should the term healing be applied."

Many eminent medical authorities have testified to the efficacy of lime salts in the treatment of tuberculosis, and the success of Eckman's Alternative in this and allied throat and bronchial affections may be due partly to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated.

Widespread use of this remedy in numerous cases of tuberculosis—many of which appear to have yielded completely to its action—has led to the fact that it is now a tried, unless some other treatment already is succeeding. It contains no opiates, narcotics or habit-forming drugs. It makes no promises, but gives promises with their prescriptions, but we know of many cases in which IT HAS HELPED.

FORTUNE ON GIRL****Confessed Sacramento Man
Gave Young Actress His
Money.**

SACRAMENTO, Nov. 10.—Guy T. Jackson, confessed embezzler of funds of the W. P. Fuller Company, by which firm he was employed for about seven years in the capacity of a bookkeeper, and who turned up at the head of the bookkeeper yesterday for arraignment. On the request of his attorney, S. Luke Howe, the arraignment was continued to Wednesday.

While it is said Jackson's alleged pecuniations will amount to \$15,000, and he is said to have admitted his shortage to come close to \$20,000, he is charged in the complaint signed by Lewis C. Hunter, manager of the local branch of the Fuller company, with the embezzlement of only \$300.

Jackson appeared in court wan and weary. He appears to have profited little from his alleged thefts, which are said to have extended over a period of several years. He was dressed in an ordinary blue serge suit. He wore no jewelry, and his shoes were old and worn up at the heels.

When arrested in San Francisco in company with Tina Haddock, an actress, Jackson had only \$10.00 in his pocket, and he had to pay for an ordinary meal in the cafe.

Jackson made little comment on his arrest. "I intended to return to Sacramento yesterday and give myself up," he confessed to Sergeant Richards, who brought him back to Sacramento yesterday.

He made no further remarks concerning his troubles.

Sacramento, Nov. 10.—Fernando Mammitto, slayer of John Smith, a Muni storekeeper, will be executed a San Francisco next Friday morning unless a court order in the case. He will be executed by hanging in the city hall.

Mammitto stabbed Smith, his employer, to death at Sunol, Alameda county, on November 6, 1912, following a quarrel over the theft of \$20.

San Rafael, Nov. 10.—Paul A. Schubert, the 18-year-old ranch hand who shot and killed William Edwards, his employer, at Black Point six weeks ago, was placed on trial for his life here today. Schubert testified that he shot in self-defense. He said he was returning toward him with a large knife, when he "picked him off." Asked what became of the knife, he said a dog picked it up after Edwards fell and carried it away. Mrs. Hutchinson, widow of the dead man, testified favorably to Schubert. The case will go to the jury tomorrow.

Stockton, Nov. 10.—The incendiary fire which killed W. J. Hickox in this city and resulted in the loss of one life, remains an unsolved mystery.

The dead man, whose name was not known here, was the negro night watchman who had been employed by Hickox to keep a sharp watch on the building. Hickox had been made several days ago to burn the building. At that time phosphorus was thrown into a pile of hay, but owing to prompt discovery no damage was done.

Hickox stated that he talked with his watchman late Sunday night and cautioned him to be on his guard. A few moments later the barn was wrapped in flames.

The automobile in which the frightened driver was being rushed to the hospital overturned at a street intersection, causing a delay which may have contributed to the man's death.

Martinez, Nov. 10.—The appointment of A. J. Solis as assistant district attorney of Contra Costa county was revoked today and E. B. Taylor was named to succeed him. Solis ran against District Attorney Mackenzie at the recent election, but was defeated.

Martinez, Nov. 10.—L. P. Hughes, who confessed to taking about \$500 worth of gold bullion from the City of San Francisco, was sentenced to three and one-half years at Folsom, but was granted probation by Judge J. P. Hays. The work of the city smelter during his term of probation.

Artherton, Nov. 10.—While riding a bicycle along the State Highway here tonight, Charles McCormick, an old-time resident of this place, was run over by a light automobile and picked up as dead. He was found later at the Peninsula Hospital in Palo Alto that he had suffered only a broken ankle. The machine went on south without pausing and a horse and buggy which went in pursuit.
